Brushguard

Mounting Plate

STEP 1

Switch key to OFF position and engage parking brake.

STEP 2

Remove OEM front bumper and retain hardware as shown.

STEP 3

Attach mounting plate to frame extensions using retained hardware and supplied 8mm x 95 mm bolts.

STEP 4

NOTE: If installing a MJFX winch do so now. Using supplied winch hardware bolt winch to four marked mounting locations

STEP 5

Attach brushguard to mounting plate arms as shown. Once all four supplied 10mm x 38mm bolts are in place then tighten.

IF INSTALLING WINCH:

STEP 6

A) With Brush guard secured, remove winch hole cover plate.

B) The MJFX winch comes with a new stainless steel plate that will bolt on using the same hardware. After plate is installed pull nylon rope through hole and attach supplied hook.
